AROMA LAMPEN “ASHLEIGH & BURWOOD”

Het zijn niet alleen prachtige designs voor uw huis, maar hun gebruik verbetert en zuivert ook de lucht in uw kamer. Aroma lampen zijn gebaseerd op een eeuwenoud concept, ontwikkeld door een Frans farmaceutisch scheikundige. Als de vlam gedoofd is zuivert de hete katalytische steen de lucht door het vernietigen van geurtjes en door de lucht verspreide verontreinigende stoffen naarmate het aroma door de steen wordt getrokken. De lamp verspreid tergelijktijd het uniek Ashleigh & Burwood aroma in de lucht, zodat de kamer lekker ruikt. Met een uur branden wordt een ruimte van 56m³ gezuiverd
